Featuring	Catalogue Obstacles

SIDE VIEW

THE STRUCTURE

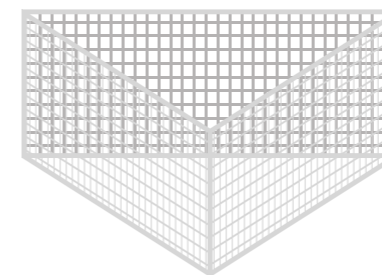

The Net Maze is constructed from a durable steel framework, high-quality polyester netting, and a flexible vinyl covering. It is designed to be highly customizable, with the ability to adjust to any desired height and color scheme.

Modules

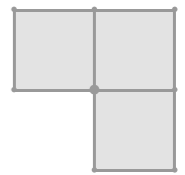

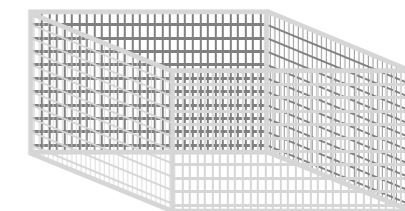

Our product is composed of modules, which can be easily adjusted to create a wide range of unique shapes and forms. This gives us the flexibility to create custom configurations that meet the specific needs and preferences of our clients.

We have two types of modules triangular and rectangular.

Triangular

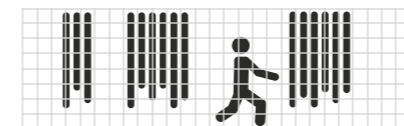

Rectangular

Obstacles

To make the experience more fun, we offer a range of different obstacles that can be added to the product.

Hanging Macarons

WALLTOPIA

OVER 2000 PROJECTS
IN 80+ COUNTRIES ON 6 CONTINENTS

Founded in Bulgaria in 1998, Walltopia is a world leader in the Climbing and Adventure & Leisure industries. The company started out with the purpose of designing and manufacturing the most advanced climbing facilities in the world.

Our passion for science, technology and our obsession with excellence and safety, made us a leader and top expert in the Climbing and Active Entertainment industries.

We pride ourselves with our highly complex projects that always deliver expected results – starting with the design, moving on to the installation and finally – the certification.

Today we have the largest portfolio of classic and novel attractions that combine fun and entertainment with healthy doses of adrenaline for people of all ages. With sales offices in the USA, China and head office in Sofia, Bulgaria, and four production plants employing more than 500 people, to this day, we have produced over 2000 projects in 80+ countries and on 6 continents.

Our products are installed across adventure parks, amusement parks, shopping malls, gyms, recreational areas, ski resorts, schools and universities, hotels, and more.
