

WALLTOPIA

FROM SKI TO YEAR-ROUND RESORT

In the times when ski seasons are getting shorter, we all want to keep people in the mountain. The trends are clear – Millennial ski resort visitors expect to receive much more than sports, and for Baby-boomers and Gen X visitors, what used to be a ski vacation has now become a “family vacation”, so resorts must offer more services and entertain all family members – kids and non-skiers included. Walltopia is here to partner your efforts in nurturing their love for the mountain and the relationship with the resort for many years to come.

A NATURE-INSPIRED SPECTACULAR ROPES COURSE

With rope courses, it's usually all about their functionality, but the Tree goes further. The magnificent 30 meters high structure fits perfectly in the mountain scenery. It will quickly captivate the attention of visitors and engage them into a whimsical adventure, becoming a beloved summer active entertainment for all ages.

A UNIQUE FREE-FLIGHT EXPERIENCE

The Rollglider is a new invention. It was created to deliver the experience of flying. The Rollglider is an attraction that will no doubt be enjoyed by thrill-seekers and people who crave a memorable and one-of-a-kind experience.

A special modification for ski resorts is the integration with an existing ski lift.

ENJOYING THE VIEW FROM A BIRD'S EYE

The Panoramic Rollglider is a slow aerial ride designed for sightseeing. It allows people to fully experience the beauty of the mountain scenery while flying through forests and above slopes. All family members can enjoy the flight.

The Rollglider is highly adaptable and could be self-standing, suspended on trees or even integrated with an existing ski lift (used for trolley retraction).

TURN THE FOREST INTO A PLAYGROUND

The Woodland Adventure Zone is a combination of multiple attractions that complement one another. It resembles a kids' playground which uses the mystical forest environment as an integral part of the experience. The attractions will charm kids of all ages and keep them entertained in a healthy and beneficial forest environment.

ONE ATTRACTION — MANY ADVENTURES

The Adventure hub combines multiple challenges into a single build. A key benefit is the theming of the entire structure, which allows children and adults alike to immerse themselves into the story behind it. This attraction will easily become the heart of the resort during summertime.

CLIMBING IS ON THE RISE

Rock climbing has been a traditional mountain activity for ages. An artificial climbing wall, placed indoors or outdoors, allows everyone to experience this adventure in an accessible and safe environment, regardless of weather factors and the skill level of the visitor. Walltopia walls can be self-standing or attached to buildings and come in any height. They can also come in an eye-catching rock-realistic style and texture.

BOULDERING WALLS

THE NEW TREND IN CLIMBING

Climbing is growing rapidly and the sport is becoming more and more appealing to the general public. The interest for boulder walls is especially high, as they allow climbers with little-to-no experience to enjoy the sport unharnessed immediately as they walk into the climbing gym. Boulders are also a practical addition to a resort because they can be installed both outdoors and indoors and they can fit in small and odd spaces.

CLIMBING MADE FUN

Fun Walls develop kids' social, cognitive and physical skills merging sports with interactive games to create an unforgettable experience. Fun Walls challenge participants year round and are a perfect fit for an indoor day-care center or an outdoor playground. We offer 60 models varying in style and difficulty suitable for indoor and outdoor use.
